ABOUT

The Comanche Alliance of Texas is a newly formed club-alliance aiming to advocate for better visibility and representation of Comanche peoples in Texas. Through unity and amplifying voices, we seek to improve our communications to become better connected with our local Comanches and facilities while increasing overall participation and communications among Comanches within Texas. Based in Dallas, TX, the alliance serves as a hub for community engagement, hosting meetings and events to facilitate networking and idea-sharing among members. Through these efforts, we hope to inspire greater involvement and participation from non-local Comanches, empowering individuals to contribute their strengths and perspectives to the collective goals of the alliance. Our mission focuses on providing a safe space for fair and friendly discussions for positive change, including improving facilities, education, economic development, cultural preservation efforts, and amplifying voices within the nation's framework. We aim to foster positive communication, inclusivity, and strong partnerships while empowering our Comanche Nation and all of our communities to work in unison for a better future.

President Gregory Gomez, Spiritual Advisor – Eddie Sandoval, and Advisory Council- Dr. Cathy Gutierrez-Gomez assist us in developing a rich understanding of diversity in our cultures. They are role models for us, showing the importance of educating ourselves about the traditional worldviews of our many nations that are original to this hemisphere. We strive to respect, preserve, and share cultural knowledge and traditions as appropriate before colonial borders. We try very hard to mirror the teachings of these three elders by conducting our business both within and outside the organization, reflecting the values for children, elders, veterans, community, reciprocity, humbleness, integrity, collaboration, and cultural etiquette.
